

PAUS Worklift

G 13 A

- 2-joint construction on a trailer chassis
- manually or hydraulically operated support available
- electro-hydraulic precision control (proportional steering) for all movements
- mechanical foldable spindle supports (supported by gas-pressure spring) in case of mechanical supporting
- safe basket guidance by transmitter-receiver-cylinders
- low grade of oscillation due to aluminium lifting arms with big cross section
- working basket out of aluminium

Technical Data

Working height	13.0 m
Max. platform height	11.3 m
Max. lateral range of action	6.5 m
Basket load in whole working range	200 kg
Angular freedom	endless
Transport width	1.80 m
Transport height	2.08 m
Transport length	6.22 m
